

Opportunities for Learning at Home

Below are optional opportunities to enhance learning at home during the current school closures. I will add to this list as necessary in the upcoming days!

- **Raz-Kids**

- This site is an awesome tool for continuing to have your child read at their developmental reading level. You can access this site on Ashland's symbaloo. If you have any trouble finding it there, you can Google Raz-Kids and click on the green box that says "Kids Login" in the upper right corner. Our teacher username is "swhalen11" and your child has his/her own personal icon and password.

- **Dreambox**

- This program allows students to practice their math skills. You can access this site on Ashland symbaloo. The icon is in the center of the screen on the second row. Once you click on the Dreambox icon, you will be prompted to a screen that says Ashland Elementary School at the top. On the left hand side where it says "Text Login" is where your child will enter their username and password. Their username is their student ID number. If they have forgotten their password please let me know and I will send it to you 😊

- **Scholastic Learning At Home**

- Scholastic is offering an awesome FREE online learning opportunity for students during this time. They have about 20 days of learning activities that span all content areas. Some of the activities offered include: reading articles and stories, virtual field trips, reading challenges and more.

There are no logins or usernames for this, just click on this website to learn more!

- **BrainPop Jr**

- This site features educational videos that focus on some of our standards of learning. This could be a great tool for reviewing previously learned content! The link for BrainPop Jr is on the Ashland symbaloo page. The username is Ashland and the password is falcon.

- **PebbleGo**

- PebbleGo is a great tool that the students have used extensively during their Animal Research project! It offers articles and facts on a variety of topics as well as engaging activities that go along with each topic. After you click on a topic, can find these printable activities at the bottom of screen under "Print" as well as additional resources on the topic under "Media". The username is Ashland and the password is booksoar.

- **Bookflix**

- Bookflix is a digital library of books and animated stories! This is a great digital literacy resource 😊 The username is Ashland and the password is booksoar.
